WITHERSPOON HOME FROM CHAUTAUQUA

The following letter from C. A. Witherspoon, who is home from the Redpath-Vawter Chautauqua meeting in Iowa, will be of interest to everyone in Mexico who attends the local chautauqua.

Editor Ledger:—The friends of our Chautauqua, which includes the entire citizenship of Mexico and vicinity, will be interested to know something of the purpose and results of the delegate conference held at Des Moines on last Friday, the 17th. instant. The disaster, such as Mr. Vawter experienced this past season, would mean the end of his efforts to maintain the enterprise. While his financial statement was given in conference and with the request that no undue publicity be made of the amount of his loss, I think that it is not improper for me to say that it will require five figures to indicate the number of dollars of the loss sustained. The delegates assured him that they would use their best efforts to change the result in 1923. The guaranty of \$1800.00 does not cover all possible loss to Mr. Vawter. This year the average cost of each Chautauqua was \$2118.00, making it possible for Mr. Vawter to lose \$318.00 on each of 98 Chautauquas. The receipts from only thirty two towns equalled or exceeded the cost of its Chautauqua. The receipts from Mexico were \$2268.50. The receipts from sixty six towns were below the cost of their entertainment. The best methods of advertising and selling the tickets were discussed. Maryville, Mo., was accredited with having the ideal system. The propriety of a Sunday program was discussed at length. Mr. Vawter expressed himself as being willing to respect all local preferences. A possible list of lecturers and entertainers was presented. Seventy eight delegates from the four states of South Dakota, Minnesota, Iowa and Missouri were in attendance, among whom were not a few women. Those attending the banquet enjoyed a rare treat in listening to two addresses, one by Dr. Thomas E. Green of Washington, D. C., and the other by Dr. Charles S. Bedbury of Des Moines.

Respectfully,
C. A. WITHERSPOON.

Russian Boots Find Favor With College Girls Here

If Kipling were to write about "Boots" now he should certainly be able to find plenty material for they are all around us and "Boots, boots, boots" is now the demand of college girls and young girls all over the country. The Russian boot now seems here to stay among the women of America and no longer does it attract much attention to see a girl on the street wearing a creation of patent leather and red kid which several years ago would have seemed bizarre on anyone but a lion tamer. University girls however do not seem to favor the return of the boot and Columbia merchants, according to the papers are finding it necessary in many instances to cancel large orders for boots.

Many Hardin College girls, however, are finding boots not only popular but comfortable as well. During the last few years shoes have been so fancy and of so many varieties that the boot is pleasing many of those who have tired of the other vagaries of fashion.

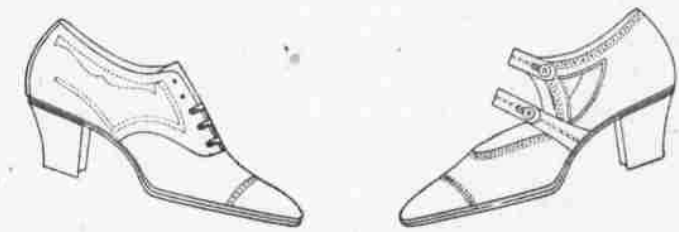

But Russian boots are not only sort of boots in vogue among American women for their are hiking boots, which the use of trousers and knickers for various sports has made popular, riding boots which are essential in completing the smart appearance of the feminine devotee of the bridle path and other varieties of boots, long and varied enough to strike terror into the heart of the father and husband who by sad experience knows that boots, no matter how small or how pretty, have a habit of costing.

The sight of the victims of reckless driving, Judge Bartlett said, would have a sobering influence on those convicted.

Judge Bartlett was re-elected recently. Regarding his successful campaign as an endorsement of his severe dealing with careless drivers, he announced today, as he began his second term, that the length of jail sentences and the amount of fines of persons hereafter convicted would be doubled.

SEE VICTIMS; GO TO CELLS
Detroit, Mich., Nov. 17.—Judge Charles L. Bartlett of Recorder's court, who has imprisoned several hundred reckless motorists here during the last year sentenced twenty-eight persons to the house of correction today and then escorted them to receiving hospital, where they were taken through a ward occupied by twenty children and adults suffering from injuries received in traffic accidents.
